F. REPORTS

1. Chair of the Board Report

Board Chair Stevie Smith presented the Chair of the Board Report. The following topics were discussed:

- Act 391 Update. Chair Smith stated he participated in Act 391 programming meetings at Fletcher Technical Community College and Louisiana Technical College-Young Memorial Campus (Region 3). He noted the purpose of the meetings is to allow staff the opportunity to advise consultants of the type of facilities that are needed on their campuses. He commented that the consultant teams include CSRS and PVK (well known national educational facilities experts), and they are doing a great job.

  Chair Smith added that a Facilities Corporation/Act 391 meeting was held October 14, 2009. He noted that issues were discussed including buying property in Houma and Greensburg, doing due diligence, and the schedule for Fletcher architects and contractors.

  Supervisor Helen Carter stated that she attended the Act 391 programming meeting held in Greensburg and commented that the meeting was held in the same room as the one she taught in for 15 years. She said that, “. . .this is a dream come true. . .”, for Greensburg.

  Supervisor Brock Dubois participated in the meeting at the LTC-Gulf Area Campus and he commented on the boost to student morale evidenced on campus in anticipation of the new campus.

  Dr. May mentioned several real estate land acquisitions that have recently occurred and provided an update on each: Florida Parishes campus in Greensburg – 58.13 acres; L.E. Fletcher Technical Community College – total of 74 acres; Westside Campus, Plaquemine – working with Iberville Parish School Board who has offered to donate land (5-10 acres) adjacent to Plaquemine High; River Parish Community College in Ascension Parish – 70-80 acres for new campus.

- Postsecondary Education Review Committee (PERC). Chair Smith reported on the PERC meetings. He stated that PERC has met twice and the next meeting will be held next week. He
stated the first meeting included briefings by System heads – LSU, Southern, University of Louisiana and the LCTCS, and faculty input from all systems. In addition, Commission deliberation occurred on student data information, financial data information, and comparisons of operating procedures from other systems were discussed. He noted that a motion had been proposed to raise academic standards and admission and graduation requirements.

Chair Smith added that a recommendation had been submitted relative to the LCTCS that would cause the LCTCS to be the primary provider of Developmental Education.

Supervisor Barham questioned the proposal of a single management board.

Dr. May responded that he was not seeing a real interest in the proposal.

- Chair Smith stated that he visited with Paul Danos. Mr. Danos is from Lafourche Parish and is affiliated with Danos & Curole Marine Contractors. Mr. Danos has agreed to serve on the LCTCS Foundation Board of Supervisors.

2. President’s Report

Dr. Joe May, System President, presented the President’s Report. The following topics were discussed:

- Dr. May congratulated Dr. Joe Ben Welch, Chancellor, River Parishes Community College, on receiving a recognition honor from LAMAR.

- Dr. May recognized and congratulated Kizzy Payton, Director of Public Relations, for receiving a gold medallion for the LCTCS advocacy campaign and a bronze medallion for the annual conference promotional campaign from the National Council for Marketing and Public Relations.

- Bossier Parish Community College Theater will participate in the Louisiana State Festival as part of the Kennedy Center American College Theatre Festival from November 18-22, 2009.

- PERC Data Requests. Dr. May commented on the large number of data requests received from PERC. He expressed his appreciation to Dr. Monty Sullivan, Executive Vice President of LCTCS, Jan Jackson, Senior Vice President of Finance and Administrative Services, and all LCTCS campuses for submitting the requested information.

- Statewide Articulation and Transfer Council (Act 356). Dr. Monty Sullivan provided an update on work being done with the Statewide Articulation and Transfer Council. He stated that the mission and the role of the Council is continuing to expand, i.e. dual enrollment efforts. He noted that 39 core credit general education hours for the 60 hour transferrable associate degree, have been approved. The next step will be the approval of the 21 credits needed to complete the 60 required hours. He stated that the Council recommended that degree programs that would be difficult to transfer into all baccalaureate areas be pulled – i.e., Engineering, Architecture, and Teacher Education at the secondary level. He noted that the “pulled” programs will be reviewed by March 2010 and the Transfer Associate degree will be completed by January 2010.

- Career Diploma Initiative. Dr. Monty Sullivan reported that the guidelines and the policy framework for the Career Diploma initiative are nearly complete and the next step is to take the final set of guidelines and policies to the Board of Elementary and Secondary Education (BESE).
Once the guidelines are in place, the work becomes a further build-out of the course offerings to provide a better understanding of the career and technical education courses at the secondary and post-secondary level. He stated that the discussion will now turn toward implementation of the program and determining how to get parents, counselors and campus officials, to understand the new rules and implementation of the program. He mentioned a key issue that was discussed at the High School Redesign Committee meeting regarding the student assessment requirements of Career Diploma students and other students. He stated that unanimous approval was given to a policy requiring all students (Career Diploma students and other), to take the exact same course assessment.

- Academic Program Viability Review – Dr. Sullivan stated that the LCTCS periodically conducts a program viability study to review enrollments and completions for LCTCS programs to determine if those programs need to continue or if they should be deleted. Program viability will be one of the topics at the next PERC meeting and discussion on how programs will be reviewed to ensure that programs are current to meet the needs of students and industry. He noted that the November agenda reflects the results of the Viability Review with the revisions/deletions submitted on the Consent Agenda.

Further discussion occurred regarding program revisions/deletions.

- Budget Presentation. Dr. May made a presentation to the Board providing enrollment figures for 2009 and budget cut percentages. He reported that the LCTCS had a 10,530 (approx.) enrollment increase for a total enrollment of 69,967 students. Dr. May discussed enrollment figures for each campus and the impact of budget reductions for each campus and how the campuses made adjustments to manage the budget reductions while experiencing record enrollment.

Dr. May commended and gave credit to the System chancellors and regional directors for the way in which they handled the budget reductions.

G. GENERAL ACTION ITEMS**

Facilities Actions

Supervisor Barham presented the Facilities Actions agenda items for consideration by the Board.

1. Acquisition and Transfer of Rebecca Plantation Property for L. E. Fletcher Technical Community College Project

   On motion of Supervisor Smith, seconded by Supervisor Price, the Board voted to approve the Transfer Agreement between the LCTCS Facilities Corporation and the State of Louisiana, LCTCS, to transfer 32.2 acres acquired by the Corporation to the State of Louisiana, LCTCS, in accordance with the ACT 391 Cooperative Endeavor Agreement and associated documents and the requirements contained in the Act 391 bond document. The motion carried.

Chair Smith commented that the facility improvements provide an opportunity for LCTCS to leverage greater investments in the System. He encouraged everyone to look for other ways for individuals to invest in the System.
2. Demolition of the Stewart Administration Building on the Elaine P. Nunez Community College Campus

On motion of Supervisor Clark, seconded by Supervisor Ogé, the Board voted to authorize Facility Planning and Control to initiate procedures for the demolition of the Stewart Administration Building on the Nunez Community College main campus, in accordance with R.S. 38:2212.1. The motion carried.

Supervisor Murphy asked for an update on the status of the LTC-Slidell Campus.

Dr. May stated that a bill was submitted during the last legislative session to sell the Slidell facility to the St. Tammany School District, but it has run into a glitch.

Jan Jackson stated that there is a Reversionary Clause in the original donation of the property and they are working to resolve the issue. She noted that St. Tammany is interested in doing something with the LCTCS, possibly helping with the purchase or providing an alternate site. She added that it may require a re-donation of the property.

**Finance Actions**

Supervisor Smith presented the Finance Actions agenda items for consideration by the Board.

3. Professional Services Contract between Delgado Community College and Maritime Service Group of Louisiana, LLC

On motion of Supervisor Taylor, seconded by Supervisor Price, the Board voted to approve a professional services contract between Delgado Community College and Maritime Services Group of Louisiana, LLC, effective September 8, 2009 through September 7, 2010. This contract is subject to approval of the Office of Contractual Review. The motion carried.

4. Incumbent Worker Training Program Contracts
   a. Union Carbide Corp
   b. Danos & Curole Marine Contractors

On motion of Supervisor Clark, seconded by Supervisor Carter, the Board voted to ratify two new Incumbent Worker Training Program contracts as listed:
   - Danos and Curole Marine Contractors/LTC-Young Memorial – Contract Amount: $283,698
   - Union Carbine Corp./LTC-River Parishes – Contract Amount: $139,482

**Personnel Actions**

Supervisor Murphy presented the Personnel Actions agenda items for consideration by the Board.

5. Title Change for Vice Chancellor at Nunez Community College

On motion of Supervisor Clark, seconded by Supervisor Carter, the Board voted to approve the change in title for Dr. Steve Berrien, effective November 16, 2009, from Vice Chancellor for Academic Affairs to Vice Chancellor for Academic and Student Affairs. As a result of the additional duties, Dr. Berrien’s base salary will increase from $90,000 to $100,000. The motion carried.
Dr. May questioned whether the Board may want to amend the policy related to Personnel actions. A proposal will be presented at the December 2009 board meeting.

H. CONSENT AGENDA

On motion of Supervisor Murphy, seconded by Supervisor Carter, the Board voted to approve the Consent Agenda which consists of agenda items H.1. through H.5. The motion carried.
