F. REPORTS

1. Chair of the Board Report

Dr. Jim Henderson, Chancellor, Bossier Parish Community College and Charles Strong, Regional Director, Northwest Louisiana Technical College (NWLTC), welcomed the Board to Shreveport.

Mr. Strong commented on the partnership that exists between Bossier Parish Community College (BPCC) and NWLTC and stated that he feels the partnership highlights the strong points of both schools. He noted that BPCC offers all the general education courses for every technical college Associate degree program in the region via video conference and also provides library access to NWLTC students.

Dr. Henderson commented that BPCC and NWLTC have one of the first facility agreements of its kind that opens BPCC to any of the programs that NWLTC needs to offer, and vice versa. He noted that night courses are offered at the NWLTC Minden Campus and added that the two colleges collaborate on a regular basis in order to meet the workforce needs of the region. Dr. Henderson shared some of the events that are happening in the Shreveport/Bossier area. He concluded his welcome with the fact that there has been a Henderson in education in Shreveport/Bossier since 1948 and it is an honor to host the LCTCS.

Chair St. Blanc thanked Chancellor Henderson and Regional Director Strong for making the LCTCS feel welcome.

Chair St. Blanc presented the Chair of the Board report. The following topics were discussed:

- Board of Regents Trusteeship Conference. Chair St. Blanc stated that he participated in a panel discussion at the conference. He thanked Dr. May for involving the Board and for providing the information that is needed to keep the Board informed and knowledgeable on the role and mission of the LCTCS.

2. President’s Report

Dr. Joe May, System President, presented the President’s Report. The following topics were discussed:

- Dr. May expressed his appreciation to the Northwestern part of the state for the welcome that they have provided to the LCTCS.

- Dr. May introduced and welcomed Dr. Natalie Harder, newly appointed Chancellor of South Louisiana Community College.
• Dr. May introduced and welcomed Dr. Michael Elam, Interim Chancellor for Sowela Technical Community College. Dr. Elam will serve as interim chancellor until the position is filled. Dr. May noted that the search is underway and he is excited with the interest that has been shown by people from around the country. He noted that the screening process has begun and he expects to return to Lake Charles near the end of March.

• Chancellor search for Delgado Community College. Dr. May reported that the Delgado Community College search committee is ongoing and the finalists for the chancellor position will be announced by the end of March. He stated that he hoped to submit a recommendation to the Board at the April board meeting that will be held in New Orleans.

• Dr. May noted that a very important piece of legislation was passed last year that created the Northshore Technical Community College. He asked Dr. William Wainwright, Chancellor, Northshore Technical Community College, to provide a progress report on how the college is proceeding with the transition from technical college to technical community college.

Dr. Wainwright addressed the Board and shared the status of the progress towards the path for SACS accreditation. He noted that Northshore Technical Community College (NTCC) offered general education courses for the first time this spring, enrolling over 300 students. In addition, transitional Math and English courses and Career and Technical Education courses are currently offered to 134 students through the NTCC located at the north campus of Southeastern Louisiana University. He added that as a direct result of demand, they are looking for summer course offerings to be delivered at the Livingston Literacy Center where Career and Technical Training currently take place, as well as the St. Tammany Parish Government facility located in Mandeville – both facilities are provided in partnership with Southeastern. He added that Northshore and Southeastern officials are currently in discussion regarding the transfer of three remaining associate degree programs currently offered by Southeastern and organizational changes continue with the development and planning of positions on how the educational departments are structured. In January 2012, the CRIN list was collapsed resulting in one program location as a college. He concluded that they will transition from the current campus to the new Florida Parishes facility and will expand extended classes and continue the planning of the reconditioning of the Slidell Campus.

• Dr. May presented a report on the upcoming legislative session. He stated that 200 pieces of legislation have already been pre-filed. Issues to be addressed during the session include the State employee benefit of retirement, K-12 reform package and dual enrollment. He stated that he will be monitoring the progress of these bills and will keep everyone informed as the bills proceed through the legislature. Dr. May reviewed several of the bills that are being sponsored on behalf of the LCTCS. He stated that the LCTCS will be working to ensure that H.B. 727, which addresses open access penalty and creates a barrier to the LCTCS colleges for serving high risk students, does not pass. He added that he would be working on talking points for the bills for distribution to LCTCS staff.

• Leah Goss, Vice President of System Advancement, briefed the Board on the LCTCS Annual Conference which will begin later in the afternoon. She asked board members to make sure to sign in at the registration desk to receive their conference bag and name tag. She noted that 62 sponsors are participating in this year’s conference, and 46 booths will be presenting their goods/services. She stated that there are 60 break-out sessions scheduled with official pre-
conference break-out sessions beginning at 3:00/3:30 p.m. She added that the official kick-off General Session begins at 5:00 p.m., with the appearance of some very well-known celebrities. She stated that Dr. Walter Bumphus, Immediate Past President for the LCTCS, will present at the General Session on Thursday morning and Dr. Mark Milliron will be presenting at the Opening Session on Wednesday afternoon. Dr. May will present the State of the System Address at noon on Thursday and the conference will conclude on Friday with the Awards Banquet at noon. She added that an international guest, Dr. Yokem Freid, Director of Salzsburg Global Seminar will host a panel at 8:00 a.m. on Thursday morning.

• Chair St. Blanc asked the Board members from the Northwestern part of the state - Supervisors Tim Hardy, Keith Gamble and Scott Terrill to provide comments.

Supervisor Hardy stated that it is very special for him to be back in Shreveport for the conference. He noted that he was on the legal team that conducted the site preparation for the Shreveport Convention Center and parking garage. He added that he is very proud of what he sees happening in Shreveport and Northwest Louisiana and he expressed his pride in the LCTCS. He noted that the members of the Board of Supervisors whose terms had expired were all re-appointed by the Governor and stated he felt that speaks to the leadership of the Board and what the LCTCS has accomplished.

Supervisor Gamble welcomed everyone to Shreveport and stated that he hoped everyone enjoyed the city. He noted that Chancellor Henderson and Regional Director Strong are leaders in the community and they represent the LCTCS very well.

Supervisor Terrell commented that he has never heard so much complaining about the long drive from Baton Rouge to Shreveport.
