  Dr. McDaniel introduced Senator Yvonne Dorsey who also offered a welcome to members of the Board of Supervisors and guests.

- Chair Smith commented and complimented the staff of the Baton Rouge campus on the facility and the tour that was provided. He commented on the partnering with Baton Rouge Community College to provide General Education courses for the Associate degree offered at the campus. He congratulated Dr. McDaniel and Dr. Dorsey, Chancellor, Baton Rouge Community College, for implementing this partnership to provide services to the students of Louisiana.

- Audit Committee meeting. Chair Smith commented on the positive report regarding the disbursement of Pell grant funds that was provided by the LCTCS Internal Audit Office during the Audit Committee meeting held prior to the Board meeting. He noted that the timeliness of grant disbursements is a great improvement from past years and he expressed his appreciation to everyone involved with the Pell distributions.

- Chair Smith stated that an Act 391 program meeting will be held this afternoon. He provided an update on Act 391 projects:
  - Facilities Corporation has selected three building architects for three campuses and the architects have met with the campuses to begin the design process: Shelby Jackson in Ferriday, Gulf Area Campus in Abbeville and Young Memorial Campus in Morgan City.
  - Another three projects are design/build projects and will not require hiring an architectural team, rather a construction/architectural team will complete the project: Fletcher Technical Community College in Houma; Huey P. Long; and Northwest Campus in Minden.
  - The final three projects include improvements at Nunez Community College in Chalmette; Florida Parishes Campus in Greensburg; and Westside Campus in Plaquemine.
• Chair Smith reminded members of the Board of the Financial Disclosure report that each board member must file yearly. He stated that the deadline to submit the report is May 15th and board members should contact Allen Brown with any questions.

He noted that Dr. Pinsel has been employed with the LCTC System Office since its creation and has been an education leader in Louisiana for many years. Dr. Pinsel also serves as president of the National Association of Community College Teacher Education Programs. He thanked Dr. Pinsel for her leadership to the LCTCS. Dr. Pinsel’s daughter, Karoline was also present for the meeting.

• Louisiana Grad Act. February 23rd, Governor Jindal held a press conference to announce the Louisiana Grad Act. Dr. May stated this would be a very important legislation for the State of Louisiana. He noted that this act looks at ways to improve access and opportunity and consist of a number of components, including an opportunity for some freedom on tuition and includes some important components of the LTCTS agenda. Dr. May noted that every priority, that was identified at the recent planning session held in Lafayette, is included in this legislation. A copy of the Governor’s press release was distributed to members of the Board. Dr. May reviewed the legislation with the Board.

• Budget – Dr. May stated that Governor Jindal has announced the Governor’s budget. He stated that overall, the higher education budget will be the same for 2011 as fiscal year 2010. He noted that this does not mean that changes will not occur. He added that the budget also included a 27.3% reduction in all management board budgets. He concluded that this will be followed closely and stated that the LCTCS is working closely with the Board of Regents and just recently met with Dr. Sally Clausen and other system heads to discuss the budget process.

• Dr. Monty Sullivan, Executive Vice President, LCTCS, provided updates on the Statewide Articulation and Transfer Council (Act 356). He stated that the pace of the meetings has increased to meet the end of the month deadline for identifying a 60 hour transferrable Associate degree program. He noted that the General Education portion of the degree has been identified and agreed upon and the work is now focused on forming that into policy in order to deliver a document to the Board of Regents’ staff that can be built into Regents’ policy. Dr. Sullivan added
that work continues on identifying the top 21 credits that deal with specific degree programs in broad and general tracks.

- Dr. Sullivan provided an update on the Career Diploma program. He stated that they continue to work with the Department of Education on programmatic requirements/offers.

- Dr. May reported that one item included in the Governor’s budget is the intent to move adult education from the Department of Education to the LCTCS. He noted that the announcement was made at Senate Finance this week that the entire amount of that budget will be going to the LCTCS and will include federal and state dollars. He added that this will require legislation and he is working to determine who the sponsors will be for this legislation.
