E. APPROVAL OF MINUTES OF SEPTEMBER 9, 2009 BOARD MEETING

On motion of Supervisor Ogé, seconded by Supervisor St. Blanc, the Board voted to approve the minutes of the September 9, 2009 board meeting as presented. The motion carried.

F. REPORTS

1. Chair of the Board Report

   - Act 391 Bonds Closing. 1st phase of Act 391 bond sales is complete. Chair Smith reported that the LCTCS has been successful in selling and receiving the proceeds on the first phase of the Act 391 bond sales.

   Dr. May stated that a reception was held Tuesday evening (10/13) to thank all the individuals directly involved in this event.

   - ACCT Conference in San Francisco. Chair Smith reported that Supervisors Mellington, Murphy and St. Blanc, along with Dr. May, Leah Goss and Bonni Blouin, attended the annual Association of Community College Trustees (ACCT) Conference that was held in San Francisco, CA., October 7-10th. Supervisors Mellington, Murphy and St. Blanc commented on their experiences at the conference.

Supervisors Mellington provided an update on federal legislation affecting community colleges, including the American Recovery Reinvestment Act of 2009 which was signed into law by President Obama in February 2009 and the American Graduation Initiative which was unveiled in July. He added that the highlight of the trip was the session presented by Dr. May and Leah Goss, entitled “Recommendations to Results – A Primer on Legislative Effectiveness for Community Colleges.” He commented on the positive response from the audience and noted that many participants requested copies of the presentation. He commended Dr. May and Ms. Leah Goss on the excellent job they did with their outstanding presentation.

Supervisor St. Blanc noted that this was his first time attending the ACCT Conference and stated that he enjoyed the conference and he also congratulated Dr. May and Leah Goss on their presentation. He stated that he was impressed with the respect that Dr. May has obtained with his peers. He voiced the pride that he felt for being from Louisiana and being a part of a fast and forward moving system with the LCTCS.

Supervisor Murphy stated that this was his 2nd ACCT meeting and it provided a great opportunity to network with peers around the country and it brought home the fact that the LCTCS is “in the sunshine” right now. He commented on the positive focus that is being placed on the LCTCS by other institutions and stated that he felt it was a credit to our leadership.
• Postsecondary Education Review Committee (PERC)/Tucker Commission. Chair Smith provided an update on PERC. He noted that the next meeting will be held on October 26-27 in Baton Rouge at the State Capitol, House Committee Room 1. He encouraged everyone to attend and noted that the meetings can be accessed via the internet. He noted that there will be significant recommendations resulting from the Commission and the deadline for these recommendations is February 2010.

• Regional Advocacy meeting in Houma. Chair Smith reported that he participated in the first set of Regional Advocacy meetings on October 1st in Houma. He stated that 3 meetings were conducted with community leaders, elected officials and LCTC System staff. The topics discussed at each meeting included the LCTCS accomplishments and challenges over the past year and goals for the next 12 months. He stated that he felt the meeting was extremely well done and well attended, and it posed a great opportunity to talk about the LCTCS goals and provide the community an opportunity to ask questions about those goals. He encouraged everyone to attend the Advocacy meetings when they are held in their region.

• MIS/IT Committee meeting report. Supervisor Stephen Toups provided a report on the MIS/IT Committee meeting held earlier today. He stated that the meeting was held to discuss the Request for Proposal (RFP) for the Enterprise Resource Planning (ERP) System for the LCTC System. He noted that this is a huge venture to undertake and has been proceeding since 2007. He reported that the LCTCS staff provided a presentation on the RFP and on the vendors and what each presented for consideration. He stated that no decisions were made during the meeting. LCTCS staff will present a recommendation to the full board for their consideration.

• Supervisor Carter stated that she is feeling much better and thanked everyone for their concern and support during her recovery from heart surgery.

2. President’s Report

• Enrollment Report. Dr. May reported that system-wide enrollment has increased by 10,487 from last fall for a total of 69,967 students. He reviewed each campus/region’s enrollment figures.

• PERC Update. Dr. May stated his appreciation for the support that has been provided at the PERC meetings.

• Student Information System Update. Dr. May stated that the System will be moving forward with the selection process and will be working with the Division of Administration to finalize the process within the next few weeks.

• Career Diploma Update. Dr. Monty Sullivan, Executive Vice President for Academic and Career and Technical Education, provided an update on the Career Diploma initiative. He stated that this is a key initiative to not only improve dropout rates but also to increase the number of students who hold some credential in the workforce and will hold some value in the market place. He reported that BESE will consider a series of recommendations that will progress the implementation of the career diploma initiative. He added that the Council will now focus on broader questions regarding access to the Career Technical education.

Chair Smith questioned whether the legislation contains any requirements of the LCTCS.
Dr. Sullivan answered that no requirements are imposed upon the LCTCS, but he noted that the Career Diploma is critical and the role of the LCTCS is important.

Dr. May commented that the LCTCS has a real obligation to work on what the Career Diploma is designed to do, which is to reduce the drop-out rate among high risk students in K-12.

A question and answer session followed.

- Statewide Articulation & Transfer Council (Act 356). Dr. Monty Sullivan.

Dr. Sullivan provided an update on the Statewide Articulation and Transfer Agreement (Act 356). Senator Ben Nevers sponsored legislation last session which mandates a statewide articulation transfer process. Dr. Sullivan stated that this legislation is monumental for Louisiana. He noted that the articulation language is as good as anything to be found nationally. The Articulation and Transfer Council has been in place for approximately 2 months and the work has been primarily focused on identification of a common transfer associate degree. He stated that the group has made recommendations and are reviewing the Associate of Arts and Associate of Science degree programs that will be consistent across all 2-year institutions in the state and will be uniformly accepted by 4-year institutions. Additionally, they are reviewing the General Education courses. He stated that a meeting was held in Alexandria with the four systems where the General Education courses that are proposed by the LCTCS were accepted by the other three systems and a solid agreement was achieved on 39 hours of general education universally accepted that will now be recommended to the Articulation Transfer Council within a month. The next step in the process will be to review the next 21 hours to complete the 60 hours required for the degree. He added that a common set of names and numbers for general education course offerings will be reviewed. He stated a list of across the system program offerings has been compiled and will be reviewed and they hope to create a list of consistent course offerings.

Dr. Sullivan acknowledged the work of Dr. Jerry Pinsel, Vice President of Academic Affairs. He noted that Dr. Pinsel has been involved in this discussion for a number of years and congratulated her for this great accomplishment.

Supervisor Barham mentioned the need for counseling of LCTCS students regarding this issue.

Dr. Sullivan stated that he felt several great best practices are in place with the agreement between Nicholls and Fletcher Technical Community College and noted that a transfer counselor is located on the campus.

A question and answer session followed.

- International Study Program - Salzburg, Austria. Dr. May stated that the LCTCS undertook a new initiative this year to focus on global perspective. He noted that the LCTCS Foundation took on the initiative as one of their top priorities and sought funding to expose LCTCS colleges, as well as students, to global and international issues. AT&T donated $98,700 which enabled two LCTCS colleges to participate in this initiative. He noted that this opportunity will be extended to all the LCTCS colleges over time.

Leah Goss, Executive Director of System Advancement and Executive Director of the LCTCS Foundation, opened by introducing the chancellors, faculty and students who had the opportunity
to travel to Salzburg, Austria this past spring and summer to participate in the 2009 Salzburg Global Leadership Program. She stated that the seminar was established in 1947, right after the end of World War II, to bring a global perspective and understanding to United States students. She commented that it is a study program and that this is about creating a sustainable program within the LCTCS. She noted that at least one more college will have the opportunity to participate in 2010. As each college participates, they, along with their own foundation, agree to pick up the cost so that this study program becomes an annual ongoing part of their program.

The program participants, (faculty and students from SOWELA Technical Community College and Louisiana Delta Community College), shared their experiences with the Board. A PowerPoint presentation was shown. Participants in the program were:

Chancellors/Faculty: Dr. Andrea Miller, Chancellor, SOWELA Technical Community College; Dr. Luke Robins, Chancellor, Louisiana Delta Community College; Donald Wheeler; Henry Nevils; Patrice Fontenot and Connie Thomason.

Student Group: Seth Chaumont; Angel Ferrand-Starr; Katelyn Fontenot; Abby Ford; Kay’S Sea Johnson and Charity Wilkins.

Leah Goss presented a token of appreciation to Rick Demint from AT&T who attended the board meeting representing the AT&T Foundation.

Dr. May expressed his appreciation to Dr. Doug Van Nostran who accompanied the students on the trip.

Mr. Demint expressed his thanks and stated that he felt that the impact the trip made on the students was well worth the contribution that was made. He assured the Board that these thoughts would be relayed to the AT&T Foundation.

- Fletcher Technical Community College land acquisition. Chancellor Travis Lavigne shared an announcement made by Governor Jindal to award $2.7 million to Fletcher Technical Community College for the purpose of purchasing 70.8 acres of land for the college. Governor Jindal visited Houma to make the announcement. A news clip from Bayou Time was shown which replayed an interview with Governor Jindal.

- Dr. May acknowledged and congratulated Phyllis Dupuis for successfully defending her doctoral dissertation.

- Dr. Myrtle Dorsey, Chancellor, BRCC; Christel Slaughter, Stevie Toups – Diversity Award. Supervisor Stevie Toups announced that Dr. Myrtle Dorsey and Christel Slaughter were selected as recipients of the Diversity Award. He noted that the Diversity Award is presented to individuals who have done the most to eliminate bigotry and racism and who do the most to practice tolerance in their community. They will be recognized publicly at an event in November.

- Gates & Lumina Foundation Grants for Voluntary Framework of Accountability. Dr. May announced that Louisiana is 1 of 8 states that has been selected to participate in a new Gates Foundation/Lumina Foundation initiative to put in place a voluntary framework of accountability that will be used nationwide. The Gates/Lumina Foundation has contributed $1 million dollars to help develop this initiative and Louisiana will be one of the only states to apply this over the next 2
years to all LCTCS colleges. He added that the Chronicle of Higher Education has asked him to do a podcast on this in a couple of weeks.
