FLETCHER TECHNICAL COMMUNITY COLLEGE

Dean of Deepwater Center for Workforce Excellence

The Dean of Deepwater Center for Workforce Excellence is responsible for the leadership, administration, and success of the Petroleum Division. Reporting to the Chancellor, the Dean will collaborate on the design and implementation of processes for effective program delivery and positive student outcomes. This position will also serve as a principal liaison between the college and industry related companies to determine and utilize resources and encourage institutional support.

- Provide leadership, effective practices, and productive results for the Petroleum Division and the Deepwater Center for Workforce Excellence.
- Foster safe operational practices throughout the division and monitor safety in various programmatic activities.
- Maintain positive and productive working relationships with industry partners and businesses.
- Facilitate quarterly advisory committee meetings for certificate and AAS programs. Utilize client and advisory committee feedback for continuous quality improvements.
- Provide leadership for the assessment of student and program learning outcomes. Facilitate program review processes. Provide orientations and ongoing support for new faculty, staff, and/or adjunct instructors within the Petroleum Division. Guide and evaluate instructional program delivery.
- Demonstrate innovation regarding methods for effective field based courses and training that meet the highest professional standards and implement a variety of methods to determine training and educational needs of various partners.
- Recommend, monitor, and allocate the division’s budget. Make provisions for obtaining and maintaining equipment needed for effective learning within budget constraints. Maximize funding sources for student learning, program delivery, client satisfaction, and overall division effectiveness.
- Evaluate full-time and part-time faculty and programmatic support staff. Initiate recruitment and support of new faculty and staff. Collaborate with faculty and staff to develop course delivery schedules.
- Maintain a supportive and welcoming learning and work environment consistent with current trends in theory and practice for teaching the adult learner in a comprehensive community college environment.
- Address conflicts and concerns of students, faculty, and staff in a positive and professional manner.
- Conduct regular collaboration division meetings and participate in a variety of college committees and task forces.
- Other duties as assigned by the Chancellor.

Qualifications: Master’s degree in a petroleum related field; doctorate degree preferred. Extensive petroleum industry management experience will be accepted when combined with a non-industry related degree. Individuals with offshore petroleum production experience are highly preferred. Administrative experience in higher education at the departmental chair level or above at a community college or four (4) year university is preferred.

Must have: demonstrated knowledge in technology and online learning resources; demonstrated ability to work collaboratively and communicate effectively with a wide range of external stakeholders; demonstrated value for diversity and an ability to work effectively with adult and minority students; superior oral communication and writing skills; effective management skills; thorough knowledge of the community college and workforce development mission; knowledge of and
an ability to implement best practices in student academic support and instructional development; demonstrated skills in organizational development activities, human resource issues, strategic planning, outcomes assessment, collaborative leadership, and conflict resolution.

Reports To: The Chancellor and works closely with the college's executive leadership team.
