

LCTCS Board of Supervisors
Resolution to Urge and Request LCTCS Colleges and Board Office
to Provide Salary Merit Adjustments to Faculty and Staff

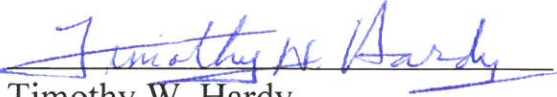

Whereas, LCTCS colleges have relentlessly found innovative means to meet the ever changing workforce demands of the state through the diverse field of students they serve, and

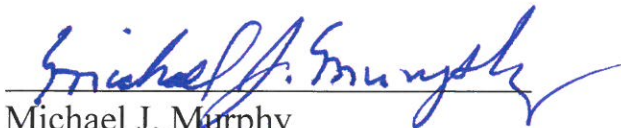

Whereas, given the ever changing and decreasing nature of resources available, LCTCS colleges have been in the forefront of Louisiana public higher education institutions, particularly through enterprise services and campus consolidation efforts, and

Whereas, LCTCS colleges have done extra ordinary work toward the goals of “Our Louisiana 2020: Building the Workforce of Tomorrow” even with these resource constraints, and

Whereas, salary adjustments are the primary means to award and recognize the valuable contributions faculty and staff provide toward the aforementioned.

Therefore be it resolved, the LCTCS Board of Supervisors Urges and Requests the leadership of all LCTCS Colleges and Board Office to provide, to the practicable extent possible given the availability of financial resources, salary adjustments to faculty and staff for meritorious service as documented through performance evaluations based on plans that are to be submitted to the system President.

Timothy W. Hardy
Chair LCTCS Board

Michael J. Murphy
Chair LCTCS Personnel Committee
