Attention: Wendi Palermo Ph.D., Chief Education and Training Officer

Dear Dr. Palermo:

The following item from Nunez Community College is submitted to the Board of Supervisors for possible consideration at the October 4, 2023, Board Meeting:

Review/Approval of College Mission Statement

Nunez Community College is a student-centered institution that delivers relevant and innovative curricula, integrating the arts, sciences, and humanities leading to academic credentials and workforce opportunities. Nunez serves a vital role in the community by engaging with partners to support student success and personal growth.

Justification: Nunez Community College's mission statement was originally written and approved by the faculty in 1992 and adopted by the LCTCS office on October 4, 1999, when the college was placed under the governance of that board. After Hurricane Katrina, it was determined that, while the mission of the institution had not changed, a simpler, more direct statement could be made that would reflect the mission of the college. The current mission statement was created by consensus among the faculty, staff, students, and administration of the College through faculty committees, and was approved by the Chancellor's Council on April 12, 2007, and submitted to LCTCS for adoption June 13, 2007. The mission statement was approved on that date. In June 2015, at the Strategic Planning Meeting, the faculty, staff, students, and community members reviewed the mission statement and determined there should be no changes to the statement at this time as it continues to reflect the mission of Nunez. The Chancellor's Cabinet reviewed the mission statement in July 2015 and, after discussion, determined the approval of the College mission statement. In August 2023, Chancellor's Council reviewed the mission statement and voted to approve the College mission statement with one minor grammatical change.
