DATE: May 28, 2019
SUBJECT: Preliminary Capital Outlay Requests for FY 2020-2021

FOR REVIEW AND ADVISEMENT

Recommendation: Staff recommends that the Board accept for review and advisement the 2020-2021 Capital Outlay Preliminary list of recommended projects.

Background: This preliminary list reflects the capital construction needs of each of the LCTCS member colleges. A final list of recommended projects will be submitted to the Board for action at the August meeting prior to being sent to the Board of Regents for inclusion in the capital outlay request for all of higher education. The recommended prioritized list of FY 2019-2020 LCTCS Capital Outlay projects are in identified in groups as follows:

- Emergency Projects are projects that are essential to correct conditions that seem to be hazardous to the safety of life or property or to satisfy state or federally mandated codes.
Continuing projects are projects that have received previous funding or are in progress and require additional funding for continuation or completion.
New Projects are projects never considered for funding or submitted for consideration but never received any funding.

This list does not include the complete list of deferred maintenance needs of the colleges and does not include all projects that have a construction cost of less than \$500,000. Some of the deferred maintenance needs reflected in the \$15,000,000 system-wide request for Waterproofing and Reroofing project that is a part of the number one emergency project for this system. The LCTCS staff maintains a prioritized list of roofing projects needed at our member colleges. Many of the construction projects valued less than \$500,000 at the various campuses are included in the \$17,500,000 Small Capital Project for LCTCS found in the New Projects category. These two projects have been recurring projects in the LCTCS list of capital outlay needs since 1999.

Received
APPROVED

JK 6/12/19
LCTCS BOARD OF SUPERVISORS

Fiscal Impact: The attached preliminary capital outlay request includes projects valued at \$527 million for planning, acquisitions, construction, equipment, and renovations at the various LCTCS campuses over the next five years.

History of Prior Actions: The LCTCS Board of Supervisors submits an annual Capital Outlay Request to the Board of Regents.

Benefits to the System: The capital outlay submission process provides an opportunity to request funding to construct new facilities, make additions, renovate, refurbish, restore and enhance the facilities of the LCTCS.

Approved for Recommendation to the Board
Dr. Monty Sullivan, President
