LOUISIANA COMMUNITY & TECHNICAL COLLEGE SYSTEM

APPROVED

SLC 6/10/20
LCTCS BOARD OF SUPERVISORS

TO: Dr. Monty Sullivan
LCTCS President

THROUGH: Joseph F. Marin
Chief Operations Officer *Joseph F. Marin*

FROM: Anthony Brown
Director of Operations, Risk and Emergency Management

DATE: May 22, 2020

SUBJECT: South Louisiana Community College (SLCC) Building Realignment of
the Houma Facility to Fletcher Technical Community College (Fletcher)

FOR BOARD ACTION

Recommendation: Staff recommends that the Board approve the SLCC Houma Facility (formerly known as the LAMPI campus) realignment, as requested by the leadership of South Louisiana Community College and Fletcher Technical Community College, and authorize the System President and appropriate leadership members to implement the realignment plan as of July 1, 2020.

Background: The SLCC Houma Facility (formerly known as LAMPI) was initially part of Fletcher. In March 2017, the facility was transferred to SLCC along with South Central Louisiana Technical College (SCL). At that time, the Houma location was under the management oversight of SCL as part of their marine programming and the facility transitioned with SCL to SLCC.

Fletcher is currently in the process of building an additional facility at the Houma location. As such, the oversight of the current facility will be streamlined by realigning the facility with Fletcher. SLCC will continue to offer courses as needed to assist in ensuring program offerings.

Fiscal Impact: N/A

History of Prior Actions: The Board took action at the March 2017 meeting to realign a limited number of campuses among the LCTCS colleges. The college leaders of the impacted colleges developed a framework for the smooth transition of the campuses to account for such items as personnel, facilities, finances and instructional/workforce programs and that any future personnel or instructional program modifications would follow normal Board protocols for action or reporting.

Benefits to the System: The realignment will allow for single oversight of the LCTCS facilities located in Houma.
