**TO:** Dr. Monty Sullivan  
LCTCS President

**THROUGH:** Dr. Paul Carlsen   
Chief Content Officer

**FROM:** Dr. René Cintrón   
Executive Director, Education and Research

**SUBJECT:** Program Terminations and Additions at SOWELA Technical  
Community College

**DATE:** 02/20/2017

**FOR BOARD ACTION:**

**Recommendation:** Staff recommends that the Board approve the program additions and revision listed below.

**Program Additions**

1. Associate of Applied Science (AAS) in Surgical Technology (CIP 51.0909) – **4 STARS**
  - a. Certificate of Technical Studies (CTS) in Sterile Processing Technology (CIP 51.1012) – **4 STARS**

**Program Revision**

2. Associate of Applied Science (AAS) in Criminal Justice (CIP 43.0104) – **4 STARS**, Death Investigation Concentration

**Background:** The AAS in Surgical Technology (51.0909) is being created to meet the needs of the healthcare market in Lake Charles. SOWELA’s School of Nursing and Allied Health will train Associate Degree Surgical Technologists and move these individuals into the workforce. In addition, the local allied health industry has requested training for students culminating in graduates with the CTS in Sterile Processing Technology (51.1012) to fill the growing demand for qualified potential employees in this field. The requested programs are supported by the healthcare industry and has been approved by SOWELA’s Curriculum Committee.

The addition of the Death Investigation Concentration within the AAS in Criminal Justice (43.0104) will enable SOWELA to better meet the needs of industry and make graduates more marketable. The addition of the proposed concentration allows students to remain up-to-date with the skills needed in criminal justice and related occupations. Individuals dealing with dead bodies at a crime scene and/or testifying in a court of law will need to be certified by the American Board of Medicolegal Death Investigators by 2020. The Criminal Justice advisory council recommends the concertation and it has been approved by SOWELA’s Curriculum Committee.

**Fiscal Impact:** If approved, the AAS in Surgical Technology (51.0909) will begin in Summer 2018. There will be a need to purchase laboratory equipment specific for the program. Initially, one full-time faculty member and one adjunct instructor will be required to meet the program requirement as directed by the accrediting body.

If approved, the CTS in Sterile Processing Technology (51.1012) will begin Fall 2017. It will require \$30,000 for the purchase of laboratory equipment specific to the program and one full-time faculty member.

No additional cost is required for the implementation of the Death Investigation Concentration within the AAS in Criminal Justice (43.0104).

**History of Prior Actions:** There is a history of adding and revising curriculum and programs to meet student and workforce needs.

**Benefits to the System:** The additions and revision will allow SOWELA to better meet student and workforce needs in the area.

Board of Supervisors  
The Louisiana Community and Technical College System  
265 South Foster Drive  
Baton Rouge, LA 70806

Attention: Paul Carlsen, Ph.D.  
Chief Content Officer

Dear Dr. Carlsen:

The following item from SOWELA Technical Community College is being submitted to the Board of Supervisors for possible consideration at the next Board Meeting.

**New Program**

- 1) **Associate of Applied Science in Surgical Technology** (CIP: 510909). SOWELA Technical Community College is requesting the establishment of an Associate of Applied Science Degree in Surgical Technology. This program consists of 20 classes for a total of 60 credit hours. The program includes 24 transferrable general education hours in the areas of English Composition, Natural Science, College Algebra, Humanities, and Social/Behavioral Sciences.

Justification:

The Associate of Applied Science in Surgical Technology is being created to meet the needs of the Healthcare market. SOWELA's School of Nursing and Allied Health will train Associate Degree Surgical Technologists and move these individuals into the workforce. The requested program is supported by the healthcare industry and has been approved by SOWELA's Curriculum Review Committee.

If approved, these actions would be effective Summer 2018. If you require any additional information, please do not hesitate to phone or email.

Sincerely,

Paula Hellums, MSN  
Vice Chancellor for Academic Affairs

Board of Supervisors  
The Louisiana Community and Technical College System  
265 South Foster Drive  
Baton Rouge, LA 70806

Attention: Paul Carlsen, Ph.D.  
Chief Content Officer

Dear Dr. Carlsen:

The following item from SOWELA Technical Community College is being submitted to the Board of Supervisors for possible consideration at the next scheduled Board Meeting.

**Program Addition**

1. **Criminal Justice, CIP 430104, Death Investigation Concentration.** The Criminal Justice faculty and SOWELA Administration are proposing the addition of a Death Investigation Concentration. There are no additional exit points associated with this request; however, this concentration will provide an alternative track for students interested in this field of study. The proposal includes a core requirement of 24 credit hours and a concentration requirement of 21 credit hours. The entire program is outlined in the attached LCTCS Program Modification Form.

**Justification:**

The addition of this concentration will enable the College to better meet the needs of industry and thus make our graduates more marketable. The requested revisions have been approved by SOWELA's Curriculum Review Committee.

If approved, this option would be effective Fall 2017. If you require any additional information, please don't hesitate to phone or email. Your consideration of this request is very much appreciated.

Sincerely,

Paula Hellums, MSN
