The Louisiana National Guard *Troops to College Agreement*
The Army Reserve Louisiana Recruiting Battalion *Student Soldier Agreement*
The Louisiana National Guard *Youth Challenge Program Memorandum of Understanding*

Dr. Sullivan thanked the armed service organizations for their service and sacrifice for the USA and each person in the room. LCTCS has a long standing history of partnering with the military. LCTCS was the first system to have all of its colleges noted as Veteran friendly campuses in the State of Louisiana. These agreements will provide more opportunity for military personnel to earn degrees from LCTCS colleges.

Dr. Paul Carlsen reiterated the long standing tradition at LCTCS to serve the military and provide an easy transition for veterans. The agreements today will provide a better opportunity for veterans to receive training and education from LCTCS colleges.

Dr. Carlsen invited US Army Reserve Lieutenant Colonel Eric M. Saulsbury, the Baton Rouge Battalion Commander, to speak about the partnership/agreement. Lt. Col. Saulsbury noted that the agreement will encourage students to graduate and assist in job placement for military graduates. He thanked Dr. Sullivan, Dr. Carlsen, and Dr. René Cintron for their help and guidance to make this agreement a reality.

Upon completion of the YCP, the students are encouraged to get a job, continue their education, or enter the military. There is an 80% success rate. G. REPORTS

1. Chair of the Board Report

Chair Grissette provided the following report:

- ❖ In keeping with the protocol for open meetings, there is an opportunity for public comment at the end of the meeting. If you wish to make comments to the Board, please fill out a comment card and return it to Sara Kleinpeter, Board Coordinator.

2. President's Report

Dr. Sullivan provided the following report:

- ❖ Invited South Central Louisiana Technical College Director Earl Meador to discuss the apprenticeship program. SCL received a national contract from the Department of Labor to promote apprenticeships in the maritime and transportation sector nationwide. The contract is based on the format that there would be five sectors of excellence throughout the country, based in south Louisiana. The first sector of excellence meeting was held recently. More than twenty businesses met to discuss apprenticeships. Representatives from the River Region (petrochemical and refining industry) as well as Coastal Maritime (inland brown water and off shore operators) attended the meeting and began discussion on creating apprenticeships in their industry. The contract will provide for funds over the next five years to entice businesses to develop long standing apprenticeship programs. This meeting is the first step to creating opportunities for unemployed individuals to enter the workforce via an apprenticeship program. Director Meador will continue to discuss this program with the Board in the future.
- ❖ Provided the following campus updates
 - Bossier Parish Community College (BPCC) was nominated and is a finalist for the national Bellwether Award for its Open Campus.
 - South Louisiana Community College (SLCC) recently opened the new healthcare facility and honored founding LCTCS Board Member, Brett Mellington.
- ❖ Budget update: As a system, over a nine year time period, there have been sixteen budget reductions totaling an \$82 million reduction in the state general fund. In some cases, those funds have been replaced with tuition, but not fully. Currently, the state is facing a fiscal year deficit of \$300 million for FY 16/17 and projected to be another deficit of \$400 million for FY17/18. Additionally, in June of 2018, \$1.5 billion in sales taxes will roll off as a revenue source. The fiscal circumstance of the LCTCS Colleges, and the State of Louisiana, is bleak. Dr. Sullivan thanked Chairman Hardy for his direction and the support of the Board to begin the process of reviewing efficiencies within the system

and determine the best path forward for the system. The LCTCS will continue to focus on being great every day even with the budget challenges that it faces.
